

Kijev Java Day - James Gosling,

Az Ukrán Java User Group kérésére továbbítom, nyugati konferenciákhoz képest elenyész ár, sok eladással, impresszív eladói listával:

Now the JUG UA team is working hard on the 5th JavaDay Kyiv, which will be held in Kyiv on 6th-7th of November <http://javaday.org.ua/kyiv/>

Thanks to Jelastic, the Father of Java James Gosling will speak online at conference. The JUG UA has started to collect questions for James on Facebook. So don't hesitate and post or like questions <https://www.facebook.com/events/1102807739739007/>
This year's conference will have deep focus on Java-core platform (Java 8 & Java 9), microservices and Java Enterprise technologies. Preliminary conference program is available here <https://goo.gl/UJhoQF>

Also, after the conference at October 8th, Venkat Subramaniam will give training "Essence of Agility - The Key Technical Practices" <https://venkatsubramaniam2015.ticketforevent.com/>
