

# Appeals court considers Oracle's Java copyright claims

 [news.cnet.com/8301-1001\\_3-576...](https://news.cnet.com/8301-1001_3-576...)

*Oracle is appealing a judge's ruling last year that its APIs were not copyrightable, which led to the dismissal of claims against Google. Read this article by Steven Musil on CNET News.*
